

Mentor/Mentee Evaluation 2015-2016

Please take a moment to answer the following questions about your mentor/mentee experience. We value your input and want your mentor experience to be as helpful as possible. Your answers will help us make adjustments to the program as needed.

How was your experience with your mentor regarding:

1. Helping you feel comfortable and welcome in your role as a volunteer at the museum?
2. Helping you with classroom or gallery presentation work?
3. Checking in with you to inquire how you are doing?
4. Being responsive to any concerns you voiced?

Please tell us approximately how many times you have:

Met at the museum with your mentor? _____

Talked to your mentor on the phone? _____

Communicated through e-mail with your mentor? _____

Please share any other thoughts you have on how your mentor/mentee needs have been met, or how you would like them to be met. What was most helpful this year? What additional help would you like next year?

It is our goal to provide the mentor/mentee experience that is right for you. It's different for everyone. If you feel you need a different mentor, let us know and we are happy to find one.
