

Junior Docent Group Tours

Highlights of World Art, from about 1600-1850

Assignments for November 2, 9 or 16, 2016

As members of an assigned group, you will prepare and present a one-hour tour of highlights of the museum dating from 1600 to 1850. Each group has a list of potential objects with a specified theme (see attached page). Each person in the group presents one object. After you present your object, you will provide a transition to the next object on the tour. Be sure that one or two members are also responsible for the introduction and conclusion.

Please compile one written Tour Planning Worksheet per group, to be posted on the website.
