

Freshman Art Adventure Guide Assignment

October 17 – Stage Development and Learning Styles

Name: _____

Construct a few questions that you might ask students of various age groups. Don't over think the questions as to how they relate to stage development, but rather consider your choice of words and the complexity of the question. Consider if responses can be answered through observation and critical thinking. A good rule of thumb is to ask yourself if *you* could answer the question.

Write a descriptive question you might ask a group of first graders about the T'ang dynasty ceramic horse from China in the Amazing Animals in Art set.

Write an interpretive question about the T'ang Horse that you might ask a group of 5th graders.

Write one associative question for first graders and one for the 5th graders about the T'ang Horse.

Write a brief transition from the Tang Horse to the Benin Leopard from Nigeria in Amazing Animals in Art for 5th graders.

Write a descriptive question for a group of 3rd graders about the Benin Leopard.

Write an interpretive question for a group of 3rd graders about the Benin Leopard.

What questions do you still have about inquiry on tours?
