Art Adventure Class of 1995: Memories

Laura Miller: “Each guide and docent had a mailbox in the tour guide office. In our mailboxes, we would retrieve our tour assignments which were written on actual pieces of paper! If you lived far from the museum or didn’t get there each week, you’d have to figure out how to get your assignment info.”

Mary Wertz: “It is hard to put into words the loss of feel by not touring this year. I have worked for 25 years to help kids enjoy art and the museum, but the real benefit was for me. It was, every day, a challenge, a joy, a learning experience, and a great satisfaction.”

Art Adventure Class of 2000: Memories

Kris Bjorklund: “The Art Adventure Program is the gift that just keeps on giving...what I’ve learned from [the kids] is to see the world more purely, to be honest when expressing myself, and to remember to laugh!”

Connie Scanlon: “My favorite...memories of...training with all of you was not one particular memory, but rather this genuine feeling of encouragement, friendship and support....”

Mary Kay Zagaria: “...Mia is my venue to contribute purposeful volunteer work...I give... and get back much in return...”

Art Adventure Class of 2000: Memories

Jan Heasley: "...It has been my sanctuary, MY church. It always brings peace and calm and unrivaled beauty whenever I am in its midst."

Jan Sedgewick: "In the years hence, Mia has always been a refuge, knowing that no matter how I feel going in, I'll come out transformed in some way.."

Alice Stahlmann: "So many wonderful people in our class, opening up my world. I have loved the friendships established and being a part of the museum's AAG community!"

Yin and Scott Simpson:

Our story is one of the many "Joys" we have benefited from meeting wonderful people during our 20 years in the CIF Guide Program! Scott and I met Lan and Sarah Cao about 15 years ago when they visited the Chinese Art Cart.

Lan brought Sarah to Mia often on Family Days! Our friendship continued...we are so proud to know Sarah since meeting her at age 3 years at the Mia Art Cart :-)!

CIF Class of 2015: Memories

Victoria Amaris: We had a wonderful opportunity to go to Mason City, Iowa on a Prairie School Architecture Tour for two days in 2016. We were able to stay at this incredible hotel (The last remaining Frank Lloyd Wright designed and built hotel in the world: 1910 Historic Park Inn). We could bring one guest, and I brought my niece from Colombia who was studying architectural design in Chicago....It was so wonderful.

CIF Class of 2015: Memories

Margo Squire sends her greetings from Kabul, Afghanistan, where she is working at the US Embassy in Cultural Affairs--and shared a photo from Hearts of Our People, when she visited it at the Renwick Gallery.

Chris Vickery: It is hard to believe it's been 5 years! So nice to have shared time with all of you - I look forward to seeing you all again at Mia.
